

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

### NOTE TO "A TORSO FROM DAPHNE."

*To the Editor of the Journal of Archæology:*

DEAR SIR.—I find that the torso published by me in the AMERICAN JOURNAL OF ARCHÆOLOGY (vol. ix, pp. 53 ff.), had not been catalogued in the *Deltion*, but had been noticed by Milchhöfer in his *Antikenbericht aus Attika* in the *Mittheilungen*, XIII (1888), p. 345, as lying in Chaidari, as far back as 1887. It is singular enough that in the summer of 1892 it was brought into the Central Museum and reported as one of several things excavated during the summer.

RUFUS B. RICHARDSON.

Athens, Feb. 11, 1895.
